REPORT OF THE
COUNTY COMMISSIONERS.

The County Commissioners of Bristol County herewith submit the following as their annual report upon the affairs of the County of Bristol for the year 1911, in accordance with the provisions of Chapter 21, Section 25 of the Revised Laws.

FINANCIAL CONDITION.

The permanent debt of the County at the beginning of the year was one million one hundred and eighty-seven thousand five hundred dollars ($1,187,500.00); of this indebtedness there was paid during the year the sum of four hundred and ninety thousand dollars ($490,000.00) viz: on account of the Fall River and Somerset Bridge, $470,000.00; on account of the Fall River District Court House, $10,000.00; on account of the Attleborough District Court House, $10,000.00.

The permanent debt of the County at the end of the year was seven hundred and fifty-seven thousand five hundred dollars ($757,500.00) and is made up as follows:

County notes on account of the Fall River and Somerset Bridge,	$270,000.00
County notes on account of New Bedford and Fairhaven Bridge,	100,000.00
County notes on account of Fall River District Court House,	107,500.00
County notes on account of Registry Building at New Bedford,	200,000.00
County notes on account of Attleborough District Court House,	80,000.00
	$757,500.00

During the past year the sum of three hundred and forty-two thousand four hundred dollars was raised by direct taxation, and it is estimated that the sum of three hundred and forty-seven thousand dollars will be necessary for the coming year.

The estimates for the past year in quite a number of departments proved to be insufficient, viz: for interest; for salaries of County officers and assistants fixed by law; for clerical assistance in County offices; for salaries and expenses, district and police courts; for salaries of jailers, masters and assistants and support of prisoners in jails and houses of correction; for medical examiners, inquests and care of the insane; for auditors, masters and referees; for repairing, furnishing and improving County buildings.

BRIDGES.

During the year the bridge recently built over Taunton Great River between the City of Fall River and the Town of Somerset, by the joint Board of Railroad Commissioners, the Harbor and Land Commissioners and the County Commissioners, called the Brightman Street Bridge, showed weakness in the foundations of two of the piers, and one of the piers settled so much that it was necessary to close the bridge for travel, and it is now closed, although it is expected that it will be repaired so that it may be opened in a short time. The settling of the piers was caused by the eating of the piles by worms on which the stone-work was built; and by the scouring of the bottom of the River to a depth of four or five feet; these have been repaired by forcing concrete in under the stone foundations; the expense incurred in making these repairs will be quite heavy and the Legislature has been asked to pass a law apportioning the cost of this repair in the same manner in which the original cost of the bridge was apportioned.

The following contracts were awarded during the year, viz:

For furnishing and installing two new boilers at the House of Correction, New Bedford, to the Ames Iron Works Co., of Boston, $1,940.00.

For building fender pier at Brightman Street Bridge, so-called, over Taunton Great River between the City of Fall River and the Town of Somerset, to Roy H. Beattie, Inc., of Fall River, $8,190.00.

For electric light fixtures and installing the same in the Fourth District Court House at Attleborough, to McKenney & Waterbury Co., of Boston, $1,600.00.
